THE WORLD'S LARGEST ENERGY EVENT

Where energy opportunity takes shape

To power the next era of growth and prosperity, the world needs a more resilient energy system – one that is flexible, integrated and intelligent, able to withstand disruption while expanding capacity for the future. Energy security is economic stability. And resilience is fundamental to both.

From 2–5 November 2026 in Abu Dhabi, ADIPEC will bring together thousands of attendees, exhibitors and leading experts, including CEOs, policymakers, investors, engineers and technology leaders from across the entire energy value chain.

As an ADIPEC attendee, you'll have unrivalled access to the people, technologies and insights shaping the future of energy, helping you discover new opportunities, gain strategic insights and build valuable industry connections.

239,000+
Exhibition attendees

2,250+
Exhibiting companies

30
Country pavilions

54
NOCs, IOCs, NECs, IECs

US$53BN
Business value generated across 49,131 deals at ADIPEC 2025

What's new for attendees in 2026?

01 **Expanded AI Zone** featuring the latest in AI, energy, quantum computing and robotics.

02 **An Innovation Sessions programme** with even more visitor sessions focused on AI and maritime & logistics.

03 **New country pavilions** including Argentina, Austria and Nigeria, with 30 country pavilions represented.

04 **Extended Low Carbon & Chemicals Zone** showcasing even more products, technologies and solutions from across the low-carbon and chemicals value chain.

05 **Six new Strategic Conference programmes,** convening energy leaders for exclusive insights, networking and discussions.

REASONS TO ATTEND ADIPEC

01 Connect with suppliers, partners and decision-makers

Meet leading energy companies, technology providers, buyers, investors and potential partners from across the global energy value chain. Build relationships with the people shaping projects, investment and commercial decisions across the industry.

02 Source solutions from 2,250+ exhibitors

Compare products and services from more than 2,250 exhibiting companies, including 54 NOCs, IOCs, NECs and IECs, alongside international suppliers and specialist providers. Identify the suppliers and solutions most relevant to your organisation.

03 Discover technologies transforming energy

Explore real-world applications across AI, digitalisation, low carbon solutions, chemicals, maritime, logistics and the wider energy value chain. See how innovation is improving productivity, efficiency, asset performance and operational delivery.

04 Access opportunities across global markets

Connect with participants from across the world and explore new markets through 30 country pavilions. Gain exposure to international capabilities, market developments and cross-border commercial opportunities.

05 Find solutions to your business challenges

Speak directly with technical experts and solution providers about your organisation's priorities and challenges. Compare different approaches and identify practical ways to address operational, technical and business needs.

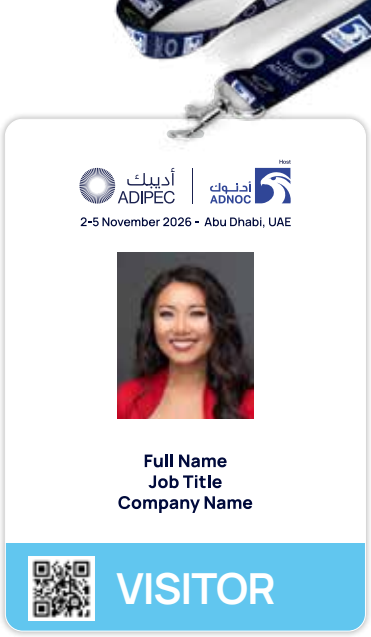

06 Understand the forces shaping the energy industry

Gain direct exposure to the technologies, projects, investments and industry priorities influencing energy markets around the world. Hear from industry leaders and decision-makers on the priorities, challenges and opportunities influencing the direction of the global energy industry.

Register as a visitor: adipec.com/visreg

Register as a delegate: adipec.com/confreg

SECURE YOUR VISITOR PASS

PRINT YOUR BADGE AT HOME

We recommend that all our attendees register in advance through our online registration page, **www.adipec.com/visreg** and print their badge at home to avoid queues onsite.

REGISTER AS A VISITOR IN THREE SIMPLE STEPS

◄ SCAN TO REGISTER

01 **Visit www.adipec.com/visreg** to start your registration. You can register through your mobile device, using your camera to upload the documents required for registration.

02 Provide your personal details, company details, attach your passport-style photograph and either a passport or Emirates ID copy.

03 You will receive an email confirming your registration with your print-at-home visitor badge.

AMPLIFY YOUR ADIPEC PARTICIPATION

Share your attendance, connect with your network and invite others to meet you at ADIPEC.

1 POST A PERSONALISED VISITOR BANNER

Share a personalised visitor banner on LinkedIn to promote your attendance to your professional network.

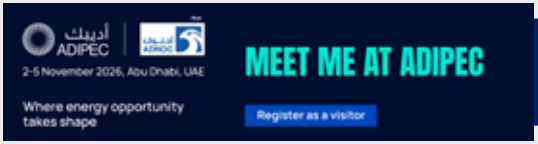

How to share the banner:

- Scan the QR code or click this link to post a personalised visitor banner: **www.adipec.com/im-attending**
- **Log in** to your LinkedIn account
- **Edit** the text (optional)
- **Publish** the post

Post the banner and share this with your colleagues:
www.adipec.com/im-attending

2 FEATURE ADIPEC IN YOUR EMAIL SIGNATURE

Download the official ADIPEC visitor signature and add it to your business emails to let your contacts know you'll be attending.

Link the banner to invite your colleagues:
www.adipec.com/joinmethere

Download your email signature banner:
www.adipec.com/emailsignature

3 INVITE YOUR GUESTS

Use these quick email links to invite your peers, clients and guests to ADIPEC.

Share an email invite

Scan the code or click on:
www.adipec.com/emailinvite

Share a WhatsApp invite

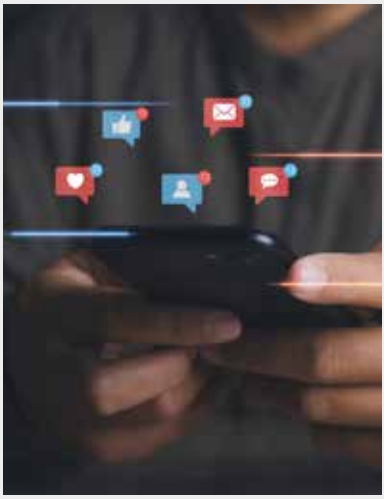

Scan the code or click on:
www.adipec.com/whatsappinvite

ADIPEC EXHIBITION

AI ZONE

AI is becoming a force multiplier for energy. The ADIPEC AI Zone shows how artificial intelligence, automation, robotics, advanced analytics and next-generation computing are being applied across energy assets, infrastructure and operations.

Bringing together operators, technology providers, digital leaders and commercialisation partners, the Zone demonstrates how intelligent systems are moving from concept to scaled deployment – improving productivity, enhancing decision-making and strengthening operational resilience.

The AI Zone is where the convergence of energy and intelligence becomes tangible, through immersive showcases, real-world applications and the talent, capital and partnerships needed to accelerate the performance and competitiveness of energy systems.

Visit the AI Zone at ADIPEC to view the latest AI innovations transforming the energy industry.

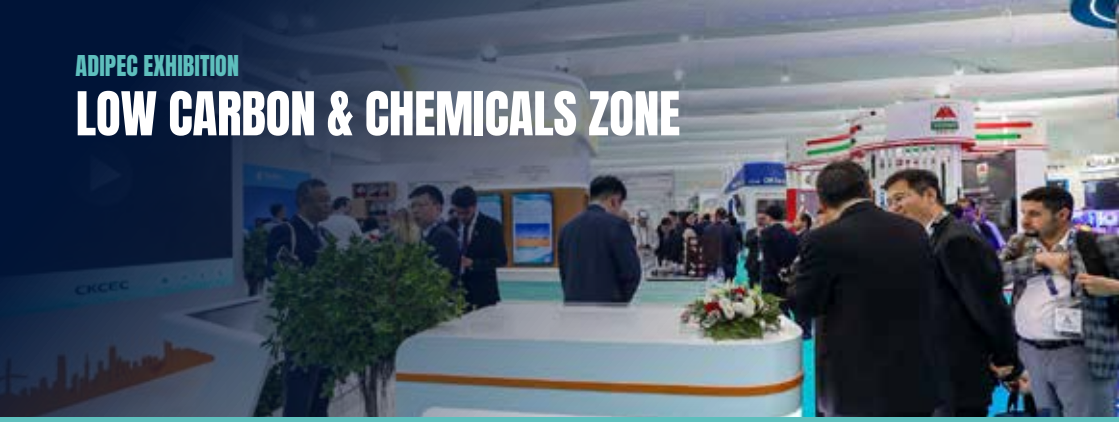

Learn more:
adipec.com/ai-zone

A selection of exhibitors include:

AIQ
DEEPOCEAN
EY
Honeywell Technologies
LiveEC
Microsoft
SENSIA
SHEPHERD
slb
SUPCON
TRIDIAGONAL.ai
wrench

ADIPEC EXHIBITION

LOW CARBON & CHEMICALS ZONE

The Low Carbon & Chemicals Zone showcases how integrated value chains are enabling cleaner industrial production, stronger resilience and new commercial opportunities across the energy, chemicals and industrial sectors.

Bringing together chemicals producers, industrial operators, technology developers and hard-to-abate sector leaders, the Zone showcases practical solutions across hydrogen, ammonia, methanol, carbon capture, energy storage and industrial electrification.

As energy and industrial systems become more connected, the Zone demonstrates how cross-sector partnerships, commercial agreements and scalable technologies can move solutions from innovation to execution, strengthening competitiveness and supporting lower-carbon growth across industrial value chains.

Visit the Low Carbon & Chemicals Zone at ADIPEC to explore practical solutions supporting lower-carbon industry.

Learn more:
adipec.com/lowcarbon

A selection of exhibitors include:

ACUMEN SAFETY · AQUILA PWCE · Arabian Industries · Eastern United · GFL Gujarat Fluorochemicals · MCT Brattberg · NARDI Compressori · RITTAL · SPG Dry Cooling · sulzer · TOPSOE · Weidmüller

ADIPEC EXHIBITION

DIGITALISATION ZONE

The Digitalisation Zone shows how data, digital infrastructure and advanced technologies are moving from pilot to performance across real-world energy systems.

Bringing together technology providers, operators and digital specialists, the Zone demonstrates how predictive analytics, digital twins, automation, smart grid integration, edge computing and cybersecurity are being applied to improve efficiency, optimise assets and strengthen operational resilience.

As energy systems become more complex, digitalisation is now central to how they are monitored, managed and protected — enabling faster decisions, stronger performance and more reliable energy delivery.

Visit the Digitalisation Zone at ADIPEC to explore the technologies enabling smarter, more connected energy operations.

Learn more:
adipec.com/digitalisation

A selection of exhibitors include:

AMETEK · Chevron · EXPRO · HEXAGON · INNOMOTICS · KAPPA · OCTAVE · PROMETHEUS GROUP · samson AND EVERYTHING FLOWS · SIEMENS · UCC HOLDING · YOKOGAWA

ADIPEC EXHIBITION

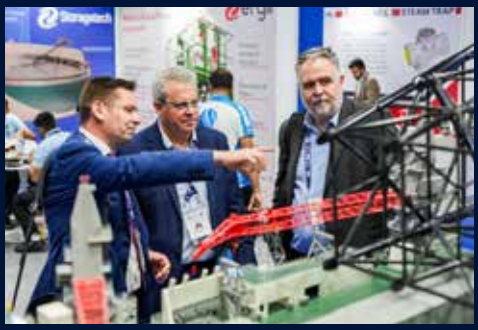

MARITIME & LOGISTICS ZONE

The Maritime & Logistics Zone focuses on the ports, routes, fleets and supply chains that connect energy supply with global demand.

Bringing together leaders from energy, shipping, ports and logistics, the Zone examines how maritime and logistics networks are being modernised to strengthen reliability, diversify supply routes, reduce emissions and support secure energy flows.

From port technologies and fleet optimisation to logistics resilience and supply chain integration, the Zone showcases the practical solutions, partnerships and investments needed to keep energy moving safely, efficiently and affordably.

Visit the Zone to explore the technologies, partnerships and strategies strengthening global energy supply chains.

ADIPEC VENUE MAP

Join us at ADIPEC 2026, taking place from 2–5 November in Abu Dhabi at the ADNEC Centre, offering unparalleled opportunities for collaboration, innovation and progress.

(1) (16) Exhibition halls

- Global Energy Club
- Low Carbon & Chemicals Zone
- Maritime & Logistics Zone
- Digitalisation Zone
- AI Zone
- Young ADIPEC
- P Press Centre
- S Speaker Room Locations

Strategic Conference locations

- The Momentum Theatre – Hall 2
- Conference Room A – The Exchange Theatre
- Conference Room B – The Impact Theatre

Technical Conference locations

- Capital Suites - Mezzanine Floor
- Adjacent to Al Maa'red Hall (Panel sessions) - The Excellence Theatre
- D Delegate Coffee break – Mezzanine floor

ADIPEC CONFERENCES

Two conferences. One platform for energy action.

The ADIPEC Conferences bring together the leaders and technical experts shaping what comes next, connecting strategic direction with the engineering expertise needed to turn ambition into delivery.

As an ADIPEC delegate, you can benefit from direct access to world-leading insights, actionable strategies, and high-level dialogue that helps you navigate complexity, strengthen decision-making, and stay ahead in a rapidly evolving energy landscape.

16,500+
Conference delegates

380+
Conference sessions

1,800+
Conference speakers

13
Conference programmes

Join global energy leaders shaping the decisions, investments and partnerships defining the future of energy.

Book your delegate pass at adipec.com/confreg

STRATEGIC CONFERENCE

Strategic Conference Programmes

The Strategic Conference provides a platform to align priorities, accelerate decisions and advance the capital, partnerships and policy frameworks needed to strengthen today's energy system while expanding capacity for the future.

Energy Security & Resilience New

Explore how governments and industry are strengthening energy security, protecting critical infrastructure and building resilience against disruption in a more volatile operating environment.

Finance & Investment

Examine how investors and developers are mobilising capital, managing risk and financing the infrastructure needed to support long-term energy growth.

Upstream New

Explore how upstream leaders are deploying capital, strengthening portfolios and improving execution to sustain supply and competitiveness in a more complex operating environment.

Policy, Regulation & Governance New

Understand how policy, regulation and governance frameworks can strengthen investment confidence, reduce risk and accelerate delivery across increasingly complex energy markets.

AI, Digital & Technology

Discover how AI, digital technologies and applied intelligence are improving operational performance, strengthening resilience and creating competitive advantage across the energy system.

Natural Gas & LNG

Examine how gas and LNG are reshaping energy security, trade relationships and industrial competitiveness in an increasingly fragmented global market.

Downstream, Chemicals & Industrial Value Chains

See how refiners, chemical producers and industrial leaders are strengthening margins, securing feedstocks and improving competitiveness across increasingly integrated value chains.

Clean Power, Molecules & Carbon Management New

Explore how clean power, cleaner molecules and carbon management solutions are advancing from ambition to execution through commercially viable projects and infrastructure.

Workforce & Skills New

Explore how talent, skills and leadership are becoming critical determinants of project delivery, industrial competitiveness and long-term energy growth

Grids, Infrastructure & Industrial Execution New

Understand why the ability to build, connect and protect infrastructure is becoming as strategically important as the energy it carries.

Maritime & Logistics

Discover how shipping, ports and logistics networks are strengthening trade resilience, safeguarding supply chains and supporting secure global energy flows.

Book an All Access Pass to access the Strategic and Technical Conference Programmes:
adipec.com/allaccesspass

Technical Conference Programmes

SPE Technical Programme

Organised by SPE, the ADIPEC Technical Conference is the single largest meeting place for technical energy engineers and experts.

Organised by SPE International

Downstream Technical Programme

The Downstream Technical Programme brings together engineers, operators, researchers and technical specialists across refining, petrochemicals, LNG, gas processing and supply chains, with a focus on applied engineering, operational excellence and scalable solutions.

Organised by dmg events

Book a Technical Pass to access the Technical Conference Programmes:
adipec.com/technicalpass

BOOK YOUR PASS

Discover the latest technologies, solutions and strategic insights transforming the global energy system. ADIPEC is where the entire energy value-chain convenes to move decisions and partnerships from alignment to action.

Join the global energy community from 2-5 November 2026 in Abu Dhabi.

Visitor pass

Pass includes:

01 All exhibition halls
02 AI Zone
03 Low Carbon & Chemicals Zone
04 Maritime & Logistics Zone
05 Digitalisation Zone
06 Young ADIPEC
07 Innovation Sessions

US$60

Register as a visitor:
www.adipec.com/visreg

Technical Pass

Pass includes:

01 SPE Technical Programme
02 Downstream Technical Programme

Also includes:

01 Delegate lunches
02 Access to exhibition halls
03 Access to 4 specialised zones
04 Access to innovation sessions
05 Access to technical papers post event
06 Exhibition access

US$2,030

Book a Technical pass:
www.adipec.com/technicalpass

All-Access Pass

Pass includes:

01 Access to 11 strategic programmes + 2 technical programmes
02 Access to exclusive networking opportunities

Also includes:

01 Delegate lunches
02 Access to exhibition halls
03 Access to 4 specialised zones
04 Access to innovation sessions
05 Access to the Energy Connects Conference Hub
06 Exhibition access

US$7,250

Book an All Access pass:
www.adipec.com/allaccesspass

YOUNG ADIPEC

Supported by

دائرة التعليم والمعرفة
DEPARTMENT OF EDUCATION AND KNOWLEDGE

Next-gen energy: Led by youth

Under the patronage of His Excellency Sheikh Nahayan Mabarak Al Nahayan, UAE Minister of Tolerance and Coexistence, and with the support of the Abu Dhabi Department of Education and Knowledge (ADEK), ADIPEC 2026 hosts Young ADIPEC.

Young ADIPEC develops the next generation of energy talent through STEM-led learning, hands-on engagement and real-world industry exposure, equipping students with the skills, knowledge and confidence to explore opportunities shaping the future of energy, from AI and digital technologies to engineering, sustainability and operational excellence.

To be part of the programme and explore how you can be involved:

Learn more:
youngadipec.com

Young ADIPEC components:

01 Industrial Field Trips
02 Experimental & Edutainment Hub
03 Youth Talks
04 Ambassador Connect
05 School Connect
06 The Innovators
07 Industry Connect
08 The Methane Abatement Challenge
09 SANED
10 Exhibition Tour
11 The Year of Family Engagement Initiative
12 The Advisory Committee
13 The Astronaut Al Worden "Endeavour" Scholarship New

GLOBAL ENERGY CLUB

ADIPEC أديبك
نادي الطاقة العالمي
Global Energy Club

CONNECTING LEADERS TO REALISE THE GLOBAL ENERGY OPPORTUNITY

The Global Energy Club is an exclusive, invitation-only leadership network connecting ministers, dignitaries and C-level executives from across energy and adjacent sectors.

As a new era of energy demand creates significant opportunities across supply, infrastructure, technology and investment, the Club provides a private environment for senior leaders to align priorities, build trusted relationships and advance the partnerships and projects needed to realise them.

Designed for high-level engagement beyond the conference floor, the Global Energy Club connects decision-makers across government, energy, finance, technology and industry, helping turn ideas into investment, investment into infrastructure and collaboration into delivery.

Learn more: adipec.com/globalenergyclub

LEADERSHIP ROUNDTABLES AGENDA

The ADIPEC Leadership Roundtables are invitation-only, closed-door discussions held under the Chatham House Rule, bringing together ministers, CEOs and senior decision-makers to shape the future of global energy systems.

STRATEGIC LEADERSHIP ROUNDTABLES

LOCATION: Leadership Suite, Global Energy Club

DAY 2	Tuesday 3 November		
07:30 - 08:30	The long-term opportunity for natural gas and LNG: supply strategy, contracts and market evolution		Strategic Insights Partner: BCG
09:00 - 10:30	Capital with confidence: risk, credibility and the conditions for energy investment	Host Partner	Knowledge Partner: pwc
16:30 - 18:00	The infrastructure imperative: building the foundations of energy security	Host Partner: 华菱钢铁 VALIN STEEL	Knowledge Partner: Wood Mackenzie

DAY 3	Wednesday 4 November		
09:00 - 10:30	The new normal: resilience as a competitive advantage	Host Partner: NMDC GROUP	Knowledge Partner: Deloitte.
11:30 - 13:00	Operating through disruption: feedstock access, flow constraints and margin exposure in chemicals	Host Partner: BOROUGE INTERNATIONAL	Knowledge Partner: Wood Mackenzie
14:00 - 15:30	Delivering the energy the world needs: recalibrating upstream projects		Strategic Insights Partner: BCG
16:30 - 18:00	Next generation value chains: rewiring operations and decision-making for a more secure energy system		Knowledge Partner: accenture

DAY 4	Thursday 5 November		
09:00 - 10:30	Talent as a strategic asset: building the workforce that energy security requires	Host Partner: EUROMAC VERITAS	Knowledge Partner: KPMG

Learn more: adipec.com/roundtables

AI LEADERSHIP ROUNDTABLES AGENDA

Held under the Chatham House Rule and by exclusive invitation, the ADIPEC AI Leadership Roundtables will explore practical applications, investment strategies, governance frameworks, regulatory considerations, and the actionable solutions needed to unlock AI's potential for advancing energy transformation and strengthening clean energy supply.

LOCATION: AI Leadership Suite, AI Zone

DAY 1	Monday 2 November	
14:30 - 16:00	Resilient operations for an increasingly autonomous energy system	Knowledge Partner accenture

DAY 2	Tuesday 3 November	
09:00 - 10:30	The adoption paradox: designing AI people choose to adopt	Knowledge Partner accenture
11:30 - 13:00	Workforce transition: preparing talent for AI-enabled energy systems	Knowledge Partner EY

DAY 3	Wednesday 4 November	
09:00 - 10:30	Enterprise intelligence at scale: rewiring energy operating models under pressure	Knowledge Partner EY
11:30 - 13:00	Capital projects in the age of physical AI: a new operating model for energy	Knowledge Partner accenture
14:00 - 15:30	Robotics and intelligent autonomy: redefining operational authority across energy systems	Knowledge Partner EY

Learn more: adipec.com/airoundtables

PLAN YOUR VISIT TO ADIPEC

Event opening times

DAY 1	DAY 2	DAY 3	DAY 4
Monday 2 November 10am - 6:30pm	Tuesday 3 November 10am - 6:30pm	Wednesday 4 November 10am - 6:30pm	Thursday 5 November 10am - 5:30pm

Visit the ADIPEC venue

ADIPEC will take place at ADNEC Centre, Abu Dhabi. Located in the capital's Diplomatic District, between Mussafah Road and Khaleej Al Arabi Street, the venue is easily accessible via Abu Dhabi's well-developed road network.

Learn more:
adipec.com/venue

Flights & accommodation

Book preferential rates through our Official Travel Partner for ADIPEC, offering business travel management, flight support and hotel accommodation for individual and group participants

Learn more:
adipec.com/travelpartner

Visa & arrival information

Kindly check whether you require a visa to enter the UAE with your local UAE embassy or the UAE Ministry of Economy & Tourism. Visas can often be arranged through your airline. Alternatively, ADIPEC's Official Travel Partner can also provide visa application assistance for your visit to the event.

Email:
adipec@flyt.ae

Getting around Abu Dhabi

Book a ride via the Abu Dhabi Taxi app or by calling 600 53 53 53. Alternatively, use the Careem app and enter the code 'ADNEC' to get 15% off rides to and from the venue during the event.
